

# EMRS2 Movement Permits

Tracking of Movement Permits  
for Secure Food Supply during an  
Outbreak

# Agenda

---

- Introduction to Permitting
- National Permitting Unit
- Permitting in EMRS
  - Creating a Permit Request
    - Adding Origin and Destination Premises to EMRS
  - Approving/Rejecting a Permit Request
  - Creating a Permitted Movement
  - Producing a Permitted Movement Form

# Permitted Movement Examples

---

- Out of Control Zone
  - Hatching Eggs to Hatchery or Processor
  - Movement of Control Zone Birds
  - Movement of Day Old Poult
  - Nest Run Eggs
  - Product Moving out of Control Zone
- Into Control Zone
  - Birds into Control Zone for Slaughter
  - Birds Moved into Control Zone
  - Feed into Control Zone
  - Wood Shavings into Control Zone
- **Some movements require testing; others do not**

# Permitting Workflow: Interstate

# Permitting Workflow: Intrastate

---

Origin State Receives  
Request for Permitted  
Movement from  
Producer

Origin State Enters  
Permit into EMRS  
using Express  
Approval

Origin State Produces Permitted Movement Forms,  
Attaches Testing Information if Needed, and  
Distributes to Producers

# National Permitting Unit

---

- Facilitate access to EMRS for state entities by providing instruction on how to obtain access
- Training on how to use EMRS for permitting – from creation of premises, permits, and movements to approval of incoming permits and routing of outgoing permits
- Surge capacity assistance for some or all EMRS permitting data entry tasks if states need assistance or time to bring staff on board
- Creation and upload of state-letterhead templates for mail merge of all types of permits and movements in EMRS
- Entering permitted movements that have already occurred from producer or state logs

# Permit Request

## Permit Request

Complete all sections below and e-mail to: [redacted]

For questions, please call [redacted]

Contact Information	
Name:	[redacted]
Date of request:	5/13/2015
Email permit to:	stu.[redacted].com
Phone number:	320-[redacted]
Permit Information	
Type of birds, eggs or product:	Chickens (Birds will not live beyond 3 weeks)
Quantity in movement:	100
Date to be moved:	5/18/2015
Approximate time of movement:	8AM-2PM
Origin	
From (name/farm name):	[redacted] Hatchery
Address:	205 [redacted] St
City, State, Zip:	[redacted] IA [redacted]
Is this premise in a control zone?	No
Destination	
To (name/farm name):	[redacted]
Address:	1701 [redacted] Ave NE
City, State, Zip:	[redacted] MN [redacted]
Is this premise in a control zone?	Yes

# Before Creating a Permit in EMRS

---

- Intrastate:
  - Origin and Destination Premises must be in EMRS
  - Both premises must have an animal business
  - Both premises must have an investigation
- Interstate
  - Origin premises must be in EMRS, with an animal business and investigation
  - Basic destination information is entered into EMRS by the origin state
    - Destination premises, animal business, and investigation entered by destination state if not already in EMRS when they approve the permit

# Search for Origin Premises

This screenshot shows the Microsoft Dynamics CRM interface. The top navigation bar includes 'File', 'Premises', 'View', 'Charts', 'Add', and 'Customize'. The left sidebar contains a 'Disease Man...' section and a 'Premises/Producers' section. The main area displays a table of premises with columns: Prem ID, Prem Name, Prem Type, Prem Address 1, City, State, Zip, and Invest Stat. A search filter '\*2954\*' is applied to the State column. The table shows several rows of data, with the first row highlighted.

Prem ID	Prem Name	Prem Type	Prem Address 1	City	State	Zip	Invest Stat

This screenshot shows the Microsoft Dynamics CRM interface with the 'Search Results' view for Premises. The search filter '\*2954\*' is applied. The table displays the following data:

Prem ID	Prem Name	Primary Business...	Prem Address 1	Prem Address 2	City	County
					EFFINGHAM	FLORENCE
00KL2D0	Adobe Farm	Adobe Farm	2954 ADOBE DR		FORT COLLINS	LARIMER
					EFFINGHAM	FLORENCE

The row for '00KL2D0' is highlighted with a red box. The bottom of the interface shows a status bar with '1 - 3 of 3 (0 selected)' and a 'Page 1' indicator.

Verify Premises has an Animal Business and Investigation for the Correct Incident

3

**Add Follow-ups**  
Create Permit: Investigation: Permit Destination Information

**Requested Destination location name. -required**  
Chicken R US

**Physical Address or requested destination.**  
2110 First St

**Requested destination city**  
Lake Charles

**Requested destination state- required**  
LA

**Requested destination zip**  
70611

**Add Follow-ups**  
Create Permit: Investigation: Success

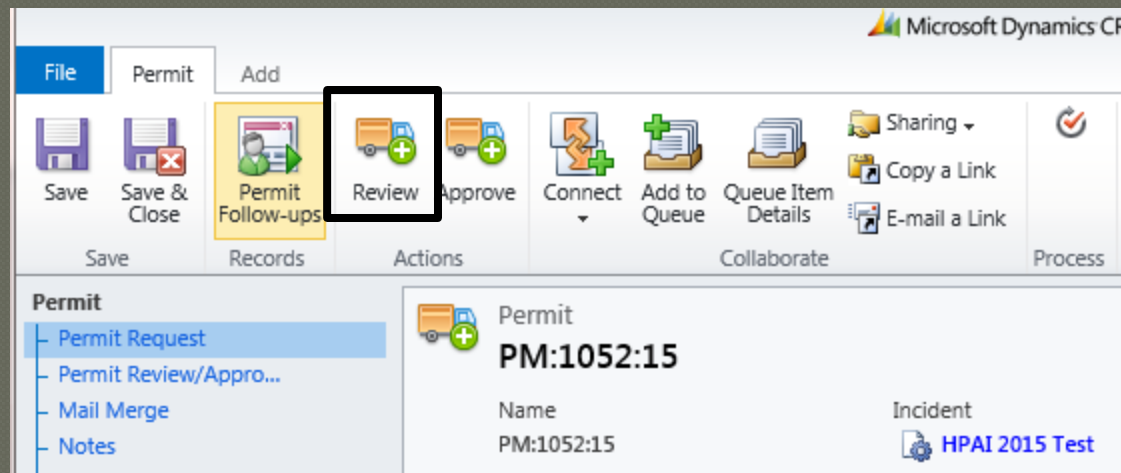

You have successfully created the permit request ( [PM:1034:15](#) ) by ( BRIAN LALANDE ) on ( 3/13/2015 ) for ( 3 )estimated shipments of ( 1 Group )of ( Groups of Animals ) starting ( ) and ending ( ).  
Dest location ( Chicken R US )  
Dest Address ( 2110 First St )  
Dest City ( Lake Charles ) State ( LA ) Zip ( 70611 )

# Review and Approve or Express Approval?

---

- Permit can be routed for origin state review before sending to the final destination for approval:
  - If movement is out of state
  - If movement requires epidemiologist review of testing results, epi questionnaire, and/or mortality reports
  - Destination state can then approve
- Express approval can be used:
  - If movement is in-state and reviewer and approver are the same
  - If the review and approval process is not being tracked

# Review Permit

## Review Permit

Review Permit:Explanation of process

This process will allow you to review the permit from the origin perspective and make a recommendation for approval. It will also prepare the permit for transfer if the destination premises is out of state by allowing you to enter the destination access and it will update the permit as reviewed and move it to the destination access group queue for their approval.

# Review Permit

## Review Permit

Review Permit: Permit: Date reviewed, reviewer, recommendation and comments.

### Date Reviewed

# Enter Intended Permitted MV

Each movement entered inherits the parameters of approved permit and is very light data entry. This may require only the producer report an intended movement or may require some review and additional issuance of permitted movement document.

The screenshot displays the EMRS2T USDA web application interface. The main window shows the 'Add Follow-ups' dialog box for creating a movement permit. The URL in the address bar is <https://emrs2t.aphis.usda.gov/?DialogId=52ca7292-9874-4a36-80d3-de8>. The dialog box is titled 'Add Follow-ups' and contains the following information:

**Follow-up: Permit**

Issued #:( PM1234 ) Reason: ( Direct to Slaughter ) Status: ( Active )  
Date Requested:( 3/13/2015 12:00 AM ) Shipments Starting:( 3/13/2015 12:00 AM ) Ending:( 3/27/2015 12:00 AM )  
# shipments:( 3 ) #/shipment: ( 1 ) units:( Group ) items: (Groups of animals Group of Spent Hens , unknown number )

Destination Site: ( Louisiana - Lake Charles )  
Destination Prem:(LA003R7 )  
Destination Business: Poultry R Us  
Approver: ( DIANE STACY ) Date Approved:(3/13/2015 12:00 AM ) Date Denied: ( )Expires:( 3/27/2015 12:00 AM )

☒ Add a movement to this permit. (Requires Approval)

☐ Create a new Permit for this Investigation.  
☐ Complete this permit (all movements and items completed)  
☐ Delete this permit.

The dialog box also shows the 'Date of Movement' as 3/13/2015 and the '# of Items moved in Group on this shipment' as 500. The 'ID Assigned to Permitted MV. O Approval# (PM1234 )' is PM1234-031315.

A success message is displayed: 'You have created a movement for ( Groups of animals500 Group ) to be moved on ( 3/13/2015 12:00 AM ) to ( LA003R7 ) in the destination state ( LA ).'

The 'What do you want to do now?' section includes the following options:

- ☒ Add another movement to this permit.
- ☐ Add other follow ups to this investigation.
- ☐ Quit this dialog.

# Issue Permit for Movement

The screenshot shows the Microsoft Dynamics CRM interface for issuing a permit. The top navigation bar includes 'File', 'Permit', 'Add', and 'Customize'. The 'Permit' tab is active, showing options like 'Attach File', 'Add Note', and 'Mail Merge'. The left sidebar contains a 'Permit' section with 'Permit Request', 'Permit Review/Appro...', and 'Notes'. Below this are 'Related' sections for 'Shipments' (Permitted Movements, Animals/Groups on Tr...) and 'Common' (Activities, Closed Activities, Connections, Audit History). The 'Processes' section includes 'Workflows' and 'Dialog Sessions'. The main content area is titled 'Permit PM-1034-15' and 'Microsoft Dynamics CRM Mail Merge for Micro...'. It prompts the user to 'Select the options for this mail merge.' and provides a 'Select the mail merge type:' dropdown menu with options: Letter (selected), E-mail, Fax, Envelope, and Label. Below the dropdown are three radio button options: 'Blank document', 'Organization mail merge template' (selected), and 'Personal mail merge template'. At the bottom, the 'Merge:' section has three radio button options: 'Selected records on current page' (selected), 'All records on current page', and 'All records on all pages'.

There are Mail Merge Templates for various permitted movement types. Can be distributed multiple ways to the origin and destination states and/or directly to producer.

The permitted movement covers a single movement.

# Permitted Movement

## PERMIT HATCHING EGGS TO HATCHERY OR PROCESSING PLANT

Permit Information	
Permit number:	PM: [redacted] MV: [redacted]
Date of issuance:	5/13/2015
From:	[redacted]
To:	[redacted]
Date of movement:	5/18/2015 12:00 PM
Email permit to:	

Negative PCR test results (pooled samples)	
Date	None

Conditions	
1	Truck drivers must wear disposable plastic boots or rubber boots that can be disinfected if they get out of the vehicle. Plastic boots may be disposed of on the premises.
2	Hands and rubber footwear must be thoroughly cleaned and disinfected prior to entering or leaving the premises. Farm personnel should place hatching egg buggies on the loading dock but not enter the trailer. The hatching egg delivery truck driver should load the eggs from the dock and not enter the farm egg-storage room. The hatching egg delivery truck driver should wear appropriate PPE and the hatchery and the breeder farm. The hatching egg delivery truck driver should not enter the hatchery loading dock and the hatchery personnel should unload the eggs from vehicle trailer.
3	Transport vehicles must be cleaned and disinfected. Tires must be sprayed with disinfectant before leaving the premises. The exterior of the hatching egg vehicle should be cleaned and disinfected before entering the hatchery.
4	Hatching eggs must be packed in either new disposable materials or plastic materials that were previously cleaned and disinfected at the hatchery.
6	Egg-handling materials must be destroyed at the destination plant or cleaned and sanitized. Egg-handling materials can be returned to the premises of origin after at least 24 hours have elapsed since these materials were moved from the farm and without contacting materials going to other premises. New paper or fiber flats must be used for hand-gathered eggs.
7	Two negative real time PCR tests for avian influenza must be conducted on pooled samples of oropharyngeal swabs from 5 dead birds or 11 dead birds out of every 50 dead birds from each house on the premises. The second test must be on samples taken on the second day of holding or later.
